Senior Quantity Surveyor

Description

A UK housebuilder and urban regeneration company, operating in London and the South East of England, are seeking to expand their commercial teams. The company is currently looking to recruit 2 Senior Quantity Surveyors to be based within their North London and Kent offices.

The company also has operations within the North West of England through its successful partnership division.

Responsibilities

Candidates will be responsible for managing a 26 week contract that will consist of:

- A variety of house build types including new build, bespoke town houses, traditional building, brick and block, new build apartments and RC Frames
- Project value of £110M
- Project to be delivered over 3 phases
- Project duration is 26 weeks
- Based in Romford

Qualifications

- UK residential housing experience
- Experience of working for a main contractor/developer
- Previous experience within a similar role
